

## **Somerset/Stereo Fidelity Records Discography**

Somerset Records was a division of Miller International Co. located in Media Pennsylvania. David L Miller was the President and had previously owned, Essex Records and Trans-World Records. Somerset was started in 1958. The output of the label was popular, jazz and classical. Of the first 63 releases on Somerset, 62 of them were straight reissues of Trans-World albums. After Somerset/Stereo Fidelity, Miller was involved with two other budget labels Alshire and Sutton.

The Sales Manager was Joe Martin and Miller handled A&R. Somerset was a budget label whose albums listed for sale for \$1.98, when most albums sold for \$3.98 in the '50s and '60s. A subsidiary label was Stereo Fidelity, the only difference between the two labels was that the monaural record was a Somerset and the stereo record was on the Stereo Fidelity label. The numbers were the same.

### **Main Series**

Canadian LP's in this series did not use the last two zeros, for example SF-12700 was SF-127, leading to endless confusion about the Somerset release numbers.
